El Paso Adopt-A-Street confirmation

Public email excerpt | Source date: 2026-10-12

City of El Paso / Streets and Maintenance

Public transcription of selected messages, not the approved application. Personal contacts, signatures and mail-system metadata are omitted. The email says the approved application will be sent separately. Edition 1.1 presents the discussion, Harbor selection and City confirmation in chronological order. Times follow the supplied email printout.

Only the Missouri Ave to 9th St segment is Harbor Alliance's selection. The other segment was already adopted. This correspondence does not document an additional adoption or completed cleanup.

October 12, 2026 / 8:57 AM / City discussion and available limits (excerpt)

Thank you so much for your interest in the Adopt-A-Street Program! We have received your application for Oregon St and are excited about the opportunity to work alongside you and your team to help keep El Paso beautiful!

Before moving forward with the approval of your application, we would just like to clarify the available street limits. Oregon St is divided into two segments within the Adopt-A-Street Program:

Segment 1: Oregon St from Missouri Ave to 9th St - AVAILABLE.

Segment 2: Oregon St from Glory Rd to Missouri Ave - ADOPTED.

Although the second segment has already been adopted, the first segment is still available!

If the limits from Missouri Ave to 9th St work for you and your team, I would be happy to move forward with approving your application.

October 12, 2026 / 11:34 AM / Harbor Alliance selection (excerpt)

Yes, Oregon St from Missouri Ave to 9th St is exactly the segment we would like to proceed with! Could you also confirm whether Harbor Alliance may adopt more than one street segment?

Please move forward with approving our application. We're excited to participate!

October 12, 2026 / 2:24 PM / City approval confirmation (excerpt)

That sounds great! I will send over your approved application shortly.

Volunteer groups are more than welcome to adopt multiple street segments, as long as the desired segments are available and the group is able to fulfill the program's requirements. These include a minimum two-year commitment and at least one cleanup every three months for each adopted segment.

We truly appreciate your group's enthusiasm and willingness to take on additional street segments!

Thank you again for your participation and dedication to making a positive difference in our community. We are so excited to work alongside you and your team to help keep El Paso beautiful!
